1. Reference is made to Mr. [REDACTED] Survey Report of I&SO in which he stated that at present there are at least 600 individuals on CIA roles in either an overt or semi-covert capacity who have not under-gone a full background investigation. His report stated that these background investigations should be completed as soon as the Special Security Division's more pressing requirements are satisfied.

2. A discussion regarding the completion of full background investigation of the above cited cases has been held with the Chief, Security Division. Further discussion in this regard was held this month with the Executive Officer, I&SO, while planning the Special Security Division Table of Organization and Budget Requirements for 1953. It was agreed during such discussions that effective 1 January 1953, the Security Division would schedule for investigation 25 cases per month on which, at the present time, a full background investigation has not been completed.
